

# PERSUASIVE WRITING WORKSHOP

JANUARY 30-FEBRUARY 1, 2012  
EL DORADO HOTEL  
SANTA FE, NM

This hands-on workshop will have participants making use of brainstorming and principles of storytelling and persuasion to craft fact driven written advocacy that persuasively integrates the facts of one's case with relevant legal principles in a way that makes the writing enjoyable and enhances one's chances of winning. Two participants from last year's workshop described their experiences this way: "Excellent workshop," and "[b]est course ever." This workshop immediately precedes our Winning Strategies Seminar and is taking place in the same hotel. Registration is limited to 30 participants.
